

DIPLOMA

Awarded to:

Linde Gas A/S

for demonstrating Corporate Social Responsibility in:

HEALTH AND SAFETY

Linde Gas A/S works actively with documenting their efforts within occupational health and safety.

Green Network can conclude that **Linde Gas A/S** meets the requirements of Green Network for documentation of their health and safety efforts.

That entails that **Linde Gas A/S**

- Is certified according to the international standard ISO 45001.
- Has identified the material issues within the area in question
- Has set targets for continuous improvement

Linde Gas A/S received the diploma for the first time in 2006 and receives the diploma for the 7th time

The diploma covers the period from January 2024 to December 2027, provided that the company has a valid ISO 45001 certification

A handwritten signature in black ink, reading "Susanne Lydholm", positioned above a horizontal line.

Susanne Lydholm
Managing Director, Green Network

Green Network has presented this diploma to the company as a recognition of the company's work for corporate social responsibility either within environment or health and safety.

Within the areas in question, the company has lived up to Green Network's expectations to document the measurement of impact according to the manuals developed by Green Network or the international standards ISO 14001, ISO 45001 or EMAS.

Green Network is a business network and consultancy within CSR, environment and health and safety, that works to enhance companies capacity within societal responsibility.
