

Global Food Safety Policy

To achieve our goal of providing safe and responsible products, in addition to adhering to the Global Quality Policy, Linde Malaysia is committed to the following:

- a) Develop and strive to continually improve our processes that deliver safe products for food applications through an efficient, effective, and suitable food safety management system;
- b) Perform regular reviews of hazard assessments on the manufacturing processes used in food application products that we supply;
- c) Comply with applicable global and local regulatory requirements and agreed upon customer requirements;
- d) Define food safety objectives and continually monitor compliance;
- e) Provide accessible and appropriate information to stakeholders about the quality and food-related safety of our products;
- f) Ensure personnel are appropriately trained to meet food safety requirements;
- g) Communicate, implement, and maintain this policy at all levels of the organization.

This standard applies to supply of any food related product or services by Linde Malaysia and its subsidiaries.
